SUMMARY

Product designer with 1.5+ years of experience designing scalable, engaging digital experiences for B2B and B2C platforms. I translate complex requirements into intuitive interfaces and work end to end, from user research to high-fidelity prototypes, with strong skills in motion graphics and AI-driven workflows.

EXPERIENCE

Creative & Product Designer, FarMart

Jan 2026 to present

- Collaborate with two product designers and engineering to design and improve internal products across FarMart OS, making operations more efficient for business users.
- Redesigned the truck tracking experience, simplifying shipment visibility so users can monitor deliveries with more clarity and confidence.
- Create AI-driven ad creatives for FarMart's staple brands, TrulySafe and Sugarwatchers, for digital campaigns and brand promotion.

Visual Designer Intern, Kirana Club

Apr 2025 to Oct 2025

- Produced and edited daily video content for in-app and social platforms, growing average daily viewership to 6,000 to 6,500 views.
- Designed data-informed in-app banners and promotional creatives for key campaigns, working from past performance to decide what to emphasise.
- Worked with consumer brands to conceptualise and deliver bespoke promotional creatives.

Product Designer Intern, Roarink

Apr 2024 to Dec 2024

- Led end-to-end UI and UX for the RoarINK mobile app and responsive website from zero to one, establishing a cohesive brand presence across platforms.
- Built a library of reusable UI components with thorough documentation, making developer handoff faster and more streamlined.
- Iterated on designs in an agile team with four engineers and two stakeholders.

SKILLS
